SIGNATURE _____

The Parsonage Cottage WalkPath Project will add a beautifully landscaped, tree-lined, paved, 600 foot long path with three rest areas, to provide both exercise and solitude for our residents.

Where outdoor recreation is now limited, the WalkPath will provide social activity, physical well-being and a sense of beauty so necessary to senior happiness.

Put your and/or your family's name(s) on our WalkPath, its rest areas and plantings and become part of Parsonage Cottage and Greenwich history. You'll feel good... and our residents will feel even better.
